ABOUT A.DOT INTERNATIONAL

A dot International is not just a typical marketing agency. Basically a dot international Is a dream. A mind set A challenge. It literally means (a point). The same point which is in the k of self-knowledge and the s of self-search. The same point which Rumi wrote. The same point which after thinking and searching gets guidance towards the destination, your dreams get a home. The purpose of creating this platform is to familiarize you with the location of your point. A large part of the population of our country consists of youth, but Unfortunately, all of them are on a journey without determining their destination. I am afraid that these young people will always be travelers. That is why A. was founded for mindfulness.
